PROFILE

5th-year Computer Science student at the University of Computer Studies, Mandalay (UCSM), specializing in Software Engineering. Interested in software development, mobile application development, full-stack web development, and database systems. Experienced in academic projects involving PHP, MySQL, Flutter, JavaScript, and database design. Seeking a Software Engineering or Software Developer Internship to apply technical skills, contribute to real-world projects, and develop professional experience.

PORTFOLIO

Portfolio Website: <https://kaunghtet-swan-6gdcepuh4-kaunghtetswan.vercel.app/>

TECHNICAL SKILLS

Programming	Python, Java, C, JavaScript, PHP
Web Development	HTML, CSS, PHP
Mobile Development	Flutter, Android
Database & SQL	MySQL, Oracle Database, DBMS, SQL
Developer Tools	Visual Studio Code, Android Studio, Git, GitHub

EDUCATION

Bachelor's Degree in Computer Science | 2022 – Present

University of Computer Studies, Mandalay (UCSM) — 5th Year, Semester 1 | GPA: 3.4 / 4.0

- Matriculation: 430 marks with Distinction in Mathematics

PROJECTS

Online Library System — Academic Team Project

- Developed a digital library platform for catalog searching, borrowing, and managing books and resources.
- Structured relational database schemas using MySQL and developed backend logic using PHP for catalog search, user authentication, and admin dashboard features.
- Participated in database design, PHP implementation, and front-end integration.

UCSM Campus Navigation & Info Systems — Academic Team Project

- Developed an interactive campus navigation and information system for students, staff, and visitors.
- Designed user-friendly UI/UX and integrated location-based information services.
- Participated in requirement analysis, core logic implementation, testing, and agile team collaboration.

LEADERSHIP & EXTRACURRICULAR EXPERIENCE

University Mobile eSports Competition Organizer

- Coordinated tournament schedules, team registrations, match arrangements, and overall event activities.
- Managed communication with participating teams and supported smooth real-time match operations.
- Worked with the organizing team to resolve operational issues and maintain the competition timeline.

KEY COMPETENCIES & LANGUAGES

Competencies: Problem Solving (Algorithms & Mathematical Logic), Fast Learner, Collaboration & Version Control (Git/GitHub), Event Coordination

Languages: Myanmar (Native), English (Intermediate)
